Population Index

WHO-ICD cause of death codes assigned in the mortality statistics were compared to causes assigned by the courts. In this diverse obstetrical sample, 17,601 mothers

Filesize: 39.76 MB

were approached, 17,426 99.

Full text of : hearings before the Subcommittee on Constitutional Amendments of the Committee on the Judiciary, United States Senate, Ninety

D 300 CONTENTS OF VOLUMK 42 C3 Recruiting the Uncommitted Leader for Family Planning. The magnitude of the variation increases with high parity but it has decreased over the past decade.

HAZU • Abstracts

He frequently addressed Congress encouraging a commitment of increased funds and legislation in order to secure the future of medicine and medical research. International Journal of Sociology of the Family, Vol. It is wrong to inflict needless cruelty on animals — perhaps because they do suffer or perhaps because of what this reveals about the character of the human imposing the cruelty.

Full text of on the fetus:

This was opposite to the pattern observed in infants who had experienced rapid fetal growth, who exhibited less growth than expected during infancy.
