Eldis

Friedman was an effective promoter of two critical ideas: governments were just like markets and government was a public monopoly. The W Years President George W. Obama has embraced the use of public-private partnerships that would attract private investment to needed infrastructure projects, but that also privatize the operation of transit systems, water and wastewater plants and other critical infrastructure.

Beyond CityTime: Privatization's Risks Involve More Than Money

Salamon, editor ; assisted by Michael S.

Beyond CityTime: Privatization's Risks Involve More Than Money

Public-private partnerships conflate public and private interests, and in conflicts between them, the private interests win out. And, insofar as the government represents the populace, and is entrusted with its interests - as is supposed to be the case in a democracy - it must increase its expenditure. Obama pledged to insource jobs of federal contractors but.

Local Government Privatization 101

The answers to these questions center on the greater efficiency of private enterprise and the consequent cost savings of public-private partnerships.

Institute for New Economic Thinking

We find that a project to improve special education case management produced a better if imperfect tracking system, but did not address other, underlying problems that might be more important. Firms sell less than they can produce with the productive capacity they have, and sometimes even less than they do produce when sales fall further than expected.

Beyond Privatization: An Egyptian Model for Democratizing Capital Credit for Workers

Those risks extend beyond the technology world. Rather than getting innovative ideas, New York gets concepts repurposed from Atlanta or

Chicago.
