Product Development

The fourth and fifth sections support the remaining 20% of APQP and focus on validation and evidence.

APQP

A lack of market analysis and research or failure to spend money up front on the planning stages in favor of moving directly into product development will often result in product failures Bangad, n.

Product Development: A Structured Approach to Design and Manufacture

In addition, design details and their technical requirements as well as cost effective production are also vital considerations. A product marketing strategy should include your customer analysis, product development, pricing, branding, and sales and distribution plan. Here is a brief outline of some of our recommendations, including links to additional in-depth resources: Footnote: This document is not a list of mandatory CPSC requirements but rather is a list of best practices and suggestions by the CPSC Small Business Ombudsman.
