Supporting Women with Learning Disabilities Through the Menopause (2nd edition)

New technologies include IT solutions on staffing and scheduling of shifts, wireless laptops, nurse call systems, infra-red security systems and safety devices in kitchens. Here are some of the key findings. Debriefing systems have two elements that run in parallel.

Mental Health and Wellbeing

Debriefing: When things go wrong.

Mental Health and Wellbeing

Training, supervision and insights of staff can help with balanced care.

Learning Disability Sex and Relationships Research

Journal of Intellectual Disability Research, 53 7 , pp. So my behaviour support team began a project to develop a system that can be used to debrief students and staff following more severe incidents that will undoubtedly have had a negative impact on the child or staff.

Staff education and support

This is important to ensure discussions are honest and open and staff do not fear disciplinary action resulting from perceived mistakes. Evidence suggests some LGBTQ people with a learning disability have concealed their sexuality to avoid expected negativity Rushbrooke et al.
