Student Activities

As well as the opportunity to network with scientists, students can include their involvement in the competition in their extracurricular activities on UCAS forms and personal statements.

Who? : famous experiments for the young scientist : Wood, Robert W., 1933

We love Fall Science Experiments and have to many to list here, so make sure to check them all out! While many of the 2020 projects will be available this year as well, some of them will not, and we will also have new projects available.

3M and Discovery Education Open Call for Entries for America's Next Top Young Scientist

The selected populations were sequenced using high-throughput sequencing. Each finalist receives the opportunity to compete in the final event — an interactive competition comprised of hands-on challenges, presentations, live judging, and more.

Science Activities For Preschoolers

We will focus on the Low Earth Orbit, transit to Mars, and radiation exposure on the Martian surface.
