HDEV

I'm jealous as my biggest lens is a 100 to 400mm lens.

Live Earth Satellite: How To Watch Earth from Space Satellite Live

It provides insights into regional carbon sources and sinks and monitors changes in the carbon cycle linked to human activity.

Hello, Is This Planet Earth?: My View from the International Space Station by Tim Peake

Pale, recently harvested fields line the valley floors between ridge lines. Each is accompanied by a date, a small map showing where it was taken and some thoughts from Tim. Tim Peake's extraordinary book did not disappoint.

The View from Earth: Space Station, Jupiter, Milky Way

The data from ASIM and LIS are both able to capture the impacts of dust storms, pollution, fires, and volcanic eruptions on cloud formation and electrification. But camera-wielding astronauts are not the only ones looking down at Earth from their perch in the sky. What happens in one part affects the rest.

Winter solstice 2020: Behold, the view of Earth's longest night from space

Very highly recommended for young and old space fans out there! © Provided by Space The 2020 solstice on Dec. Take a look and you will not be disappointed.
