Iranski politici sa rozbegli po svete

Although I am not a linguist but last year I had worked with an international team as a translator. The Baloch of Turkmenistan are a part of this people which was divided by the peculiar will of history mainly between three countries: Pakistan, Iran, and Afghanistan. Articles on Balochi language

Kārēz building is being expanded again in Makrān, financed by remittances from the Persian Gulf. Each lesson includes a dialogue, one or two grammatical points, and a list of new vocabulary. My own investigation of New Persian JAHANI 2000 indicates that this is indeed the case, since the suffix - ī marking the antecedent of restrictive relative clauses is attached mainly to singular nouns denoting an open indefinite restriction in early Classical Persian, a natural place to find a yā-ye va hdat also on nouns that are not antecedents of restrictive relative clauses.
