ETC European Tourism Trends and Prospects Q3 2020 : ETOA

Of course, the actual outcome on poverty will depend on an interaction between average income and inequality and which of the two forces dominates empirically.

London's 19% economic surge underlines divide with rest of England

Meghan is having a baby.

Trends and prospects for European transport systems

The risks to recovery are high.

Global Economic Prospects, January 2021

Escalation and heightening of trade tensions could negatively affect investment in GVCs. Several risks cloud the outlook, including those related to the pandemic and to rapidly rising debt.

London

In contrast, the chemicals sector is seeing a rise in export activity, reflecting increased demand for pharmaceuticals, cleaning materials, protective clothing, and the like.

London's 19% economic surge underlines divide with rest of England

More substantial relaxations of these measures occurred in June, and GDP grew strongly, by 8. Again in Africa, for countries for which we have data, although the fraction of people in poverty has been falling, the absolute number in poverty has been rising, by almost 100 million in the last quarter century, because of population growth. A similar tale with two sides confronts us when we look at inequality of income in the world.
