## Archiving of publicly funded research data: A survey of Canadian researchers

In addition, every year SSHRC awards some 300 new Connection Grants to support short-term, targeted initiatives to foster the use of research results, such as events and outreach activities, and some 200 new grants supporting partnerships between academic researchers and non-academic sectors. CHCI invites eligible ACLS fellows interested in a residency fellowship to review the list of participating host sites and then contact host sites directly. Forum members and partner organizations work collaboratively to meet this Challenge by issuing international calls for proposals, committing to best practices for open data access, and providing transdisciplinary training.

## Archiving of publicly funded research data: A survey of Canadian researchers

SSHRC postdoctoral fellows interested in a residency at the IRH should contact the Director for information and then submit the application form below, along with a copy of their SSHRC Fellowship award letter, their CV, and a copy of their project proposal as submitted to SSHRC. The Department of Finance Canada publishes cost estimates and projections for these measures each year in the.
