OUT OF REVOLUTION: AUTOBIOGRAPHY OF WESTERN MAN By Eugen Rosenstock

From Gregory VII's desire to revolutionize the Church—what Rosenstock-Huessy calls the Papal Revolution, and what is more commonly referred to as the investiture conflict—to Marx and Lenin's attempt to unify the workers of the world, Europe and then the World have been swept up by forces which were first unleashed in the struggles to end the unbearable injustices of the past and create the promised kingdom.

Out of revolution; : autobiography of Western man

The preconditions of a revolution are the breakdown of the speaking rhythm, all wait for a word, all wait for all calling. Part of why he's able to be

so spot on in his predictions is because Huessy reads the history of Europe as a series of revolutions that culminated in WWI with its aftermath leaving Germany dangerously poised to radicalize. It is literally shocking to read this book and realize that Huessy was writing it during the 1930s; his insight into the National Socialist movement is truly prophetic of what was to come to fruition a few years later.

Out of Revolution: Autobiography of Western Man

Five stars for the first reading.

Out of Revolution: Autobiography of Western Man by Eugen Rosenstock

Perhaps the most remarkable thing about this book is how little known and under-appreciated it is.
