## 'Brown Gold' with Michelle Martin

Look for Books About Children and Adults Engaging in Actions for Change To fully develop a strong sense of self and a disposition toward cooperation and fairness, children need to know how to stand up for themselves and others when faced with unfairness. In some cases, this is the only way to get books that present specific groups of children e.

Does the setting reflect current life—or past assumptions about life? I chose not to use them with my own children, wanting them to learn accurate information about how people in Africa really live. One of the first guides written for teachers and families, it became an invaluable tool for hundreds of thousands of people. His other titles include *This Is the Rope: A Story from the Great Migration* by National Book Award winner Jacqueline Woodson, *Young Pelé: Soccer's First Star* by Lesa Cline-Ransome, and *Sky Boys: How They Built the Empire State Building* by Deborah Hopkinson.

## Ethnic Literary Traditions in American Children's Literature

The material is riddled with racial slurs, hurtful pencil sketches, shocking caricatures, and enough needlessly cruel material to overwhelm even the most avid reader. Do your books reinforce or counteract messages that teach children to feel inferior or superior because of their skin color, gender, family income, able-bodiedness, or type of family structure? Does it have stories about people like you who have contributed to creating a more just world? Fortunately, the essays in this collection, which also includes a few interviews, demonstrate clearly that ethnic literature stems from diverse cultural experiences and demands careful and thoughtful reflection. As for recommendations, it should be noted that *Brown Gold* is not a book for the faint at heart.

From there, she brings in at least a hundred works and exams them with different critical lenses. In addition to previous criteria, here are more items to consider: The story line should be about children and adults working together, rather than perpetrating the myth that change happens because of special, individual people who do it by themselves.
