Tistou of the green thumbs : Druon, Maurice, 1918

He is a little boy who was not bigger than a loaf of bread in a baker's basket at birth.

Tistou of the green thumbs (Book, 1958) [tech.radiozamaneh.com]

. Kicked out of school for not being like the rest of the children, Tistou embarks on his own educational journey around his town where he spreads his cheer and the magic of his green thumb under the impression that a beautiful setting makes for better people. Tistou is a young boy with a mouth full of questions, a head full of optimistic thoughts, and a magical thumb that sprouts luscious greenery instantaneously.

Tistou: The Boy with Green Thumbs by Maurice Druon

The inside back cover has a random sticker. Translated from French, the book tells the story of a young innocent who grows up in a wealthy estate, with beautiful and loving parents who dote on him. Unfortunately, it has been long out of print and copies are hard to come by online.

Greenfingers

It's not easy -- some books have been forgotten not just by me but by the general public, it seems.

Greenfingers

Maurice Druon, whose adult books have been distinguished both in their scholarship and their literary quality, has conjured up a little classic here to be read both by children and adults.

Summary Bibliography: Maurice Druon

The author exquisitely reveals how a young child can cut through adulthood's loss of innocence to make the world a better place. To view it, Tistou was an angel. It touches on so many subjects such as education, poverty, war, illness, jails, death, suicide and much more.

Tistou of the green thumbs. (1958 edition)

Reading this book, I drowned in the story and hungrily and desperately tried to devour every word of it. Adults will enjoy the thoughtfulness of story and the questions that it poses, while children will delight in the sweet and quirky narrative, but warning, the story gets quite sad. One of the best, maybe the best children-teenage book I ever read! Love to reread this, preferably as a physical book with the original illustrations.

Greenfingers (2000)

From time to time someone comes along who reveals some portion of the unknown; people always laugh in his face to begin with; sometimes he's even thrown into prison because he 'upsets order'; and then, when he's dead, and people see that he was right after all, they erect a statue to him.
