## Bibliography for IP2016

Ahmad, Ishtiaq, and Hannes Ebert. For example, Ankara has remained passive with respect to Russia, opting not to protest too much at the Kremlin's assertive policies in the region and deciding to pursue its own political goals pragmatically.

## Bulent Gokay

It was at the Peace of Westphalia in 1648 that Europe consolidated its long transition from the Middle Ages to a world of sovereign states. Annapolis, MD: United States Naval Institute, 2016. Oxford: Oxford University Press, 2012.

## Can the United States Do Grand Strategy?

Overseas, China will exert growing pressure, particularly on smaller countries, as it seeks to assert its own priorities and to neutralise opposition. The liberal constitutionalism of Weimar Germany was his chief piece of evidence for this conviction; during the 1930s he fervently supported the National Socialist regime, one whose emergency powers were just those that he thought necessary. As a result, the rise of BRICS poses potential normative and structural challenges to the existing liberal international order.

## The State of Russian Foreign Policy and U.S. Policy Toward Russia

It argues that the so-called Kurdish openings have been examples of top-down policy-making related to pragmatic calculations about elections rather than representing a genuine commitment to responding to the demands of the Kurdish social movement. Nonproliferation Issues for Weapons of Mass Destruction, Mark A. Durham, NC: Duke University Press.

## Feminist Postcolonial Theory: A Reader on JSTOR

Göker, Göksel, and Savaş Keskin. So those kinds of understandings of responsibility, in the way they are framed today in the post-Cold War period, superimposes ideas of responsibility that were already there and were formulated in Bandung in 1955: differences between intervention and interference, the latter of which today comes coded as regime change, were actually hardly debated.
