## Individual differences in word recognition latency

She is currently working on her next book, Greenovation: Urban Leadership on Climate Action, which examines how cities advance green technologies. It was during my analysis that I had a chance to expand my cultural lens and grow in my cultural competence. Department of Education commissioned AIR to conduct a national study to evaluate how adult education operates at the state and local levels, including who adult education providers are, the services they provide, and the challenges they face.

Richard Fenno Condolences : Department of Political Science : University of Rochester

Christopher Lasch was another important influence on me.
