## Ones of a Purer White Women and Colonialism in Nineteenth

This child, whose career we purpose briefly to follow as that of the founder of the Christian Brothers, exhibited early signs of a devotional spirit; he learned to recite the Breviary from his grandfather, and continued to do so even before being bound to the practice by his ordination vows; and he soon made it clear to himself and to others that his vocation was that of the priestly office. The supposed influence of soil and climate on happiness, without reference to beauty, gave a name to this Fortunate Isles.
