The British economy performed better than most others in the interwar years, and in the strong economic recovery of 1945-60 criticism of performance was muted. PRINTED FROM OXFORD SCHOLARSHIP ONLINE oxford.

Francis Thompson (historian)

At the same time, he shows that aristocratic and gentry cultures have not by any means been consistently anti-industrial or anti-business, and that many of the businessmen-turned-landowners have in fact not turned their backs on industry, but have founded business dynasties. There have been equally confident claims to have overturned this traditional view that wealthy merchants and industrialists sought to acquire landed estates and country houses, and to have established that 'gentlemanly values' were in fact economically advantageous to Britain because she never was a primarily industrial economy.

Conclusion: The Rise and Fall of Cultural Explanations of Economic Performance

. Crime, Justice, and Discretion in England 1740-1820. Not only is it rich and profound, it is remarkably brief, and always a pleasure to read.
