Paul Ricœur, Husserl: An Analysis of His Phenomenology

From Description to Scientific Dialogue Like quantitative studies, phenomenological studies take raw data, transform it, and then bring the findings back to bear in the elaboration of the results and discussion with the extant literature. Statement credited to Aisha Buhari, in a campaign rally for the APC on March 20, 2015. This hermeneutic or linguistic turn did not require him to disavow the basic results of his earlier investigations.
