Directors such as Leni Riefenstahl created movies that celebrated the Nazi vision of a racially united Germany, including the wicked propaganda masterpiece of 1935, *Triumph of the Will*, and a record of the Nazi Olympics in Berlin. Several genres of movies, such as comedy, social dramas, westerns, horror films, action pictures, science fiction, and animation mushroomed. Partners whose missions are aligned with the issue can carry action forward.

The Impact of Motion Pictures on Society

How did it impact how humans viewed themselves and the world around them? Movies teach us history. Most history movies are fact-based and, even for the few that are fictional, they still depict a realistic and fantastic picture of how the world was before the invention of the audiovisual devices that we know today. The film triggered not only a lot of public and official backlash, but also lasting reform: the assembly of the and the creation of the President John F.

Cinema and its impact on society

These titles made our childhood great, creating a habit of watching at least one movie a week, and our obsession just grew from then on.
