Victorian London

On a commanding eminence to the north-east of the city are the barracks for infantry and cavalry, erected in 1806 by the late Abraham Hargrave, Esq.

It's all linked: How communication to the public affects internet architecture

In order to an accurate judgement how far that which has been just stated ought to be deemed liable to a similar imputation, it is necessary to advert carefully to the considerations, which plead in favour of manufactures, and which appear to recommend the special and positive encouragement of them; in certain cases, and under certain reasonable limitations. It does so through the establishment of a Mobility Cohesion Fund, a ring-fenced portion of the GPW that will work closely with Green Horizon 2050, the housing programme and other GPW initiatives to develop integrated continent-wide solutions to public transport.
