## Introduction to Philosophy: Logic

The authors approach through all of the editions has made this text the easiest for students to learn from among modern symbolic texts. Please email for general information. As you can see, the logical connectives of the arguments have not changed.

## Logic and Philosophy: A Modern Introduction » FoxGreat

Both of them aim at the preservation of the ideology and purpose of the state. If you want to study symbolic logic on your own, then I recommend this book.

## Formal Logic in Philosophy

Now, suppose that each of these logical forms is a logical form of a given argument.

## The Importance of Logic and Philosophy

. More generally, all arguments of this same form are valid.
