## BSc Business Management

In the succeeding sections, we discuss the role of the manager and the employee and how organizational focus on managing employee performance can play a role as well.

## BSc Business Management

In smaller organizations, a manager may have a much wider scope and may perform several roles or even all of the roles commonly observed in a large organization. This typically involves making a profit for the shareholders, creating valued products at a reasonable cost for customers, and providing great employment opportunities for employees.

## Management

In addition, the CEO is responsible for implementing and determining within the board's framework the broad policies of the organization. Senior managers are generally professionals and provide direction to, who directly or indirectly report to them. In this context many may have had more to do with than with scientific theories of management.

## Managing Employee Performance

It briefly looks at key employee relations competencies, specifically in the areas of communication and conflict management. If students do not meet the grades specified in their offer, we will consider their wider application and circumstances and we may still be able to confirm their place.
