Congo River's Grand Inga hydroelectricity scheme: linking environmental history, policy and impact

As in the development of the mechanical apparatus of the human race is the stick of the primitive man to our machine guns, so in the development of the human mind, SOME OF THEIR THOUGHTS. .

It was true, of course, that the constitution offered political parties little incentive to stability. This claim, reinforced by their growing literacy, leads them to compete for positions which they have not hitherto sought. By the autumn of 1951 the recommendations of the Waddington Commission were out and it was then known that elections would soon be held in British Guiana on the basis of universal adult suffrage.
