### Cawl by Elin ap Hywel

Cabinet Secretary, what discussions have the Welsh Government had with Ford regarding their future investment strategy for the Bridgend plant, and does the Welsh Government have any concerns regarding their own investment in the plant? Now, I accept that the Welsh Government has a more limited role—I do accept that—but it can make a practical difference in my region. . Bydd y metro yn y dyfodol, nid oes gennyf unrhyw amheuaeth, yn cynnwys rheilffyrdd ysgafn newydd a chysylltedd bws newydd, yn enwedig rhwng Cymoedd, lle, wrth gwrs, mae'n eithaf anodd gan fod popeth yn tueddu i fod o'r gogledd i'r de.

Mae Ford a'r undebau yn gwrthod yr honiad bod y penderfyniad hwn unrhyw beth i wneud â Brexit. But we have to recognise that, to date, the Welsh Government has spent £32 million on providing superfast broadband access to over 113,000 homes and businesses, importantly across the areas of Pembrokeshire, Carmarthenshire and Ceredigion, through the Superfast Cymru project, with at least 93 per cent of the Haven enterprise zone covered, which I know you will welcome.

I mi, mae cyllid a mynediad at y farchnad sengl yn hanfodol. So, for local authorities, they have to produce a local development plan, put forward the evidence for their plans and have those plans tested by a planning inspector.

### Llywelyn Bren

I would ask you to use your good offices, as leader of the house, to try and work for greater clarity and better answers from the Cabinet Secretaries around the Cabinet table, so that Members do not have to refer to the Freedom of Information Act when seeking perfectly justifiable answers on behalf of their constituents.

Simply, we will now be able to see whether things are improving or whether things will need some further action. Os edrychwch chi ar yr Almaen,

20 y cant yn is.

### **Llwy Garu hir (Tic)**

Cabinet Secretary, what is the way forward? This is a unique, one-off item as each spoon is individually carved. The continued to pay at Brecon an allowance to their mother Lleucu until 12 April 1349.

### **Llywelyn Bren**

Byddai'n rhaid i ni adeiladu stadiwm athletau newydd, adeiladu felodrom newydd, adeiladu pwll nofio newydd neu ymestyn y pwll sydd gennym ni ar hyn o bryd. Thank you for the series of questions.

### **Spoonful in Welsh**

So, clearly, at the moment, we have a pretty unstable currency market. But there are three very legitimate questions that I hope your Government and yourself as First Minister have been interacting with Ford on and they are: how, going forward, can the jobs be secured with such a dramatic cutback in production at the plant? Wales is leading the way on dementia friends training, and many will be aware of the huge response at the weekend to the walk in Cardiff Bay, on Sunday.
