**Literary Forms of Medieval Philosophy (Stanford Encyclopedia of Philosophy)**

One place he says something like this is in his famous discussion of law in ST. The passive intellect of a human being is that which receives what a person comes to know; it is also the power by which a human being retains, intellectually, what is received.

## Philosophy for Children: Community of Inquiry

His works include Peace through the Truth, Lectures on Papal Infallibility, and God the True, the Good, and the Beautiful. Philosophy as a Way of Life.

## Works by John J. Tilley

Philosophers such as Peter of Ireland had not seen anything like these Aristotelian works before; they were capacious and methodical but never strayed far from common sense.

## Meaningful Complexity: Goethe's Concept of Similarity

The study found that the seventh grade students who had experienced the P4C program showed significant gains relative to those in the seventh grade control group at a high level of statistical significance, but the eighth grade students in the experimental group did not show such gains over the eighth grade control group.

## Meaningful Complexity: Goethe's Concept of Similarity

In this paper I expose that error; I also show that it has relevance beyond the present subject. First, the form is taken up by Leibniz in his axiomatic works.
