### Nihon no Don: Kanketsuhen (1978)

The Japanese design virtue is all about content! Birds From Abroad presents exotic birds accompanied by plants and trees that appear in a sequence approximating the passing of the seasons.

### Nihon Maru

The period between 1615 and 1868 is known as the Edo period, when ukiyo-e prints were the only forms perceived as commercial art, and targeted towards commoners rather than devote art collectors. Despite being one of the strongest ships in Total War: Shogun 2, the Nihon Maru is no match for European ships such as or.
