## Finding Group Homes for Mentally Ill Adults

The critical needs of people with disabilities, their families, and the direct support professional DSP workforce must be included in the first coronavirus relief bill of the new Congress — we cannot be left behind. Location: New Albany, Ohio 6. Vine Village is a non-profit organization dedicated to providing people with developmental disabilities the quality of life that should be the birthright of every person.

## St. Augustine Center for Living, a private home for developmentally disabled adults.

Having a mental health condition can make finding and keeping a home challenging. Most people can and do live independently in apartments or in their own homes.

## Special Needs Care For Adult Children: Your Care Options

We make sure that these individuals move into homes that are suited for their unique needs and do our best to match them with other teenagers or adults who are closer to their age and have similar interests. The Different Levels of Care for Adults with Disabilities People, whether they have a disability or not, vary greatly in skills and needs for independence.

## Residential Care for the Mentally Retarded

Residents usually live communally, sharing activities and meals and providing a built-in social circle. However, it can still be a good choice for those who are mostly independent now, but will need support for daily living in the not-too-distant future, since many have programs and services designed to help seniors transition from a low level of care to a more comprehensive care plan.
