A Short History of the Future of Elections

I do not in any way claim the rights of ownership to any of them. We shall come up victorious.

Bicycle aerodynamics: History, state

The result is a compelling fictional history that reads at times like a textbook and others like a science fiction novel.

A Short History of the Future of Elections

This powerful and visionary book is narrated by a far-future historian, Peter Jensen, who leaves this account of the world from the 1990s to the opening of the twenty-third century as a gift to his granddaughter. Whatever the true origin of the sci-fi mini-skirt, whoever is responsible deserves some kind of medal.

A Short History of the Future

. His ego had been named Igor, which was done in very bad taste. .

A Brief History of the Future

I cannot recommend this book highly enough. There is an update of this since I read it in the early 90's, so this version may be dated, but it was a very interesting attempt to paint a story of our political, religious, and economic future as a planet based on past and current trends.

A Short History of the Future

The last thing that went through his mind? I do wonder if the tiger or mushroom symbolize something beyond themselves. A Short History of the Future is a book by which was first published in 1989 and underwent two substantive revisions 1992 and 1999.
