Nine Views of Creation

With this new information, increasing numbers of scientists are recognizing the need for creation to be explained by the action of an Intelligent Designer. In the last century, society exhibited evidence of change, growth in knowledge, and progress. Jude 13: Raging waves of the sea, foaming out their own shame; wandering stars, to whom is reserved the blackness of darkness for ever.

Creation and time : a biblical and scientific perspective on the creation

We should grant our brethren the same benefit of deciding on an interpretation as we take ourselves. I contend that the Bible tells us directly that God created at least some of the carnivores on the sixth day.

Nine Views of Creation

Genesis 2:1-2: Thus the heavens and the earth were finished, and all the host of them.

Science and the Bible

Christian creationists who believe that creation was initiated by a Big Bang, likewise cannot scientifically explain the Big Bang. This time scale was developed from hundreds of years of observations of different rock strata which could only date the earth to a few thousand or possibly a million years old.

Genesis Clearly Teaches that the Days Were NOT 24 Hours

Some of these scientists include: Physicist John Wheeler, Astronomer Edwin Hubble, and Astrophysicist Sean Carroll.

AN ADVENTIST APPROACH TO EARTH ORIGINS

The seed of a plant contains its life.

Did God Create Carnivores on Day 6?

After all, physical and chemical laws and biological processes are same for man as for the rest of nature.
