### Management Approaches and Organizational Perspective

How can Managers Use Participative Leadership Effectively? By examining the circumstances surrounding quality educational leadership in relation to school management, this article could conclude that success is certain if the application of the leadership styles, principles and methods is properly and fully applied in school management. Educational Administration Quarterly 42 1, 3-41. This has created enormous levels of economic and social benefits particularly with respect to the EU Allan, 2005 ; however, it has also caused a degree of social dissatisfaction amongst certain social and political classes, who see the centralization of bureaucracy and power as a threat Gifford, 2009.

### The theory of the firm. Vol. 4: Critical perspectives on business and management — CBS Research Portal

These theories often portray leaders as heroic, mythic and destined to rise to leadership when needed. The recommendations and conclusion are mentioned in the last section. Frank and Lillian Gilbreth While Taylor was conducting his time studies, Frank and Lillian Gilbreth were completing their own work in motion studies to further scientific management.

Then, from a micro-level perspective, there are leaders within the DoD who practice more lateral or flat approaches to leadership. Most of the writers gave emphasis on efficiency at the top level and few at lower levels of organisation.

### Three Organisation Theories: Classical, Neo

In other instances where group members are skilled experts and expect to be treated as such, a democratic style may be more effective. This leadership style can be effective if the leader monitors performance and gives feedback to team members regularly. They have a picture of the preferred future, which is shared with all in the institution and which shapes the programmes of learning and teaching as well as the policies, priorities, plans and procedures pervading the day-to-day life of the institution Beare et al.

### Critical Perspectives in Educational Leadership: A New 'Theory Turn'?

This debate focus not simply on what educational leadership is, but the impact it has on school management, teachers and students and the part it plays in meeting the challenges facing education institutions. .
