Arctic Ocean

This is the highest volumetric inflow to the Arctic Ocean, equalling about 10 times that of the Pacific inflow, and it creates the Arctic Ocean Boundary Current.

Climate change

These are called ice caps, and they are located in the very centre of the Arctic and Antarctica.

polar

Have students place two checks next to any environmental problems they think might impact the Polar Regions more severely than other parts of the world. Seismic Blasting Oil platform in the Arctic Ocean.

The Biggest Threats To Polar Bear Populations Today

Warming temperatures in the Arctic may cause large amounts of fresh to enter the north Atlantic, possibly disrupting global. Polar bears are unlike you and I, who need three square meals a day, every day, to stay healthy.

Characteristics of cold environments

To overcome this Svalbard town council has reached an agreement with the Norwegian government to build a hydrogen power plant, which will generate clean electricity, producing only water as a byproduct. Compared to the average extent 1979-2000 , the sea ice had diminished by 49%.

polar

Hence, they give us a better notion of what may happen, although we still do not fully comprehend the system. Beyond this lies the stratosphere, which rises to 50 kilometers above the planet.

Polar habitats

Climate Change: Vital Signs of the Planet. As of yet, there is no known way to properly and efficiently clean up an oil spill in icy ocean waters. This is one reason why the Arctic does not experience the extreme temperatures seen on the.
