### **Pegmatites of the Black Hills, South Dakota**

The reservoir has 8,063 acres of water and 58 miles of shoreline, making it the largest lake in western South Dakota. Tullis in 1952 on assignment from the Bureau of Mines reported that most of the deposits in the Hills contained less than one percent beryl.

### **Sylvan Lake (South Dakota)**

In 1928, Bonnin formed the National Council of American Indians. Oddly, this variety of spruce does not occur in the moist , which make up most of the Wyoming portion of the Black Hills.

### **Timeline of Black Hills Railroads**

Deerfield is stocked with brook, splake, and rainbow trout; largemouth and rock bass, yellow perch, white sucker, golden shiner, and lake chub may also be found.

### **Timeline of Black Hills Railroads**

From scenic drives to high-country hikes, there is plenty to see and do all year long. Many bands did ally with the Cheyenne, and there was intermarriage between the tribes.
