Alcoholism : interdisciplinary approaches to an enduring problem : Tarter, Ralph E. and Sugerman, A. Arthur (eds.) : Free Download, Borrow, and Streaming : Internet Archive

A pharmacological approach to alcoholism. This general approach will then be applied to the formulation of an actual case. A book with obvious wear.

The Sociological Study of a Social Problem: A Reply to Roman on JSTOR

These results corroborate the hypotheses outlined before. Despite these reservations, two important questions need to be posed.

Alcoholism : interdisciplinary approaches to an enduring problem

Since factors implicated in the causation of alcoholism include genetics, culture, race, biology, personality, and learning Blanc 1979 any differences based on gender alone cannot be expected to be large. In the absence of detailed research, rhetoric and speculation abound.

Alcoholism : Interdisciplinary Approaches to an Enduring Problem 9780201081466

Possible writing in margins, possible underlining and highlighting of text, but no missing pages or anything that would compromise the legibility or understanding of the text.

Alcoholism : interdisciplinary approaches to an enduring problem

Government Printing Office, Washington, D.
