IMPLICATIONS OF BIBLICALLY PRIORITIZED AND ORDERED TRANSCENDENCE AND IMMANENCE ON MODERN WORSHIP PLANNING AND DESIGN

. Thought of love will at once neutralize a thought of hatred.

Thomas J. J. Altizer (Boston Collaborative Encyclopedia of Western Theology)

. So used have we become to the practice of writing and legislating for a mass, that we have forgotten the rule that prevails even in our own navy—that the speed of a fleet is measured by its slowest vessel.

Soul Retrieval

Today the theologian can know religion only as idolatry, for he can know religion only as a historical phenomenon, as an ideology, as a product of human grasping and will to power.

There is no ultimate meaning and purpose in life.

The Will to Power

Perhaps only a few people have had a hand in shaping this world of values. Yet on the other side of the dilemma, will Heaven lack the greatest of all beauties of earthly art, the beauty of sorrow, of great tragedy? If you want to use ideas that you find here, please be careful to acknowledge this site as your source, and remember also to credit the original author of what you use, where that is applicable. In what respect have the Christian centuries with their Pessimism been stronger centuries than the eighteenth—and how do they correspond with the tragic age of the Greeks? That is the last place where they are equal.

Owing to the fact that they had no knowledge of warriors except as their masters, they introduced enmity towards the nobles, the men of honour, pride, and power, and the ruling classes, into their religion: they are pessimists from indignation.

The Loss Transcendence (Part 1)

For when the necessary and only possible conditions of its growth are revealed, nobody will any longer countenance it Buddhism. When positive psychologists consider the pursuit of something larger than oneself to be instrumental to achieving authentic happiness Seligman, 2002 , they demonstrate a fundamental misunderstanding of the true nature of self-transcendence; doing things for the sake of personal happiness is contrary to the essence of self-transcendence, according to Frankl.
