Once the flue liner, smoke chamber and smoke shelf have been meticulously cleaned, our technicians will ask that you be present for the remaining part of the process. Mark showed up and they got to work for a few hours completely redoing the lining of the chimney, working into the night.

Chimney Sweeping Done Right

For homeowners, we will come to your home, provide detailed inspection photos, and educate you on state building codes regarding the safety of your fireplace. He showed us pictures of the inside and outside before, during, and after. They were awesome, they cleaned up and hauled out the brick and mortar they had knocked down for access and cleaned any mess made.
