Each piece begins with an inspiration, and the designer sketches even the tiniest details of the finished product as he or she envisions it. With standard four-wheel-drive and extensive list of dealer and aftermarket accessories available, the Wrangler is a favorite for off-road adventures as well as beach goers.

### Kentekencheck

Henry Ford figured out how to build cars in an assembly line, and in my view, he was perhaps the greatest industrialist of all time because he also figured out that the way to prosper was to pay your factory workers well enough that they can buy the products you produce.

### The Great American Convertible

Convertibles offer an open-air driving experience you can't replicate with even the largest of sunroofs. Still, the ZL1 specifically caters to folks who like cars that are loud and fast.

The Chrysler 300C is not merely the hottest sedan in American right now, but the perfect raw material for the first four-door convertible since the 1967 : linear, muscular, confident, with a smooth Hemi under the hood and a nicely balanced rear-drive chassis. Early cars featured 260 and 289 cubic-inch Ford V-8s, while larger 427 and 428 cubic-inch engines were later fitted. This soft-top sports car isn't intended to be practical.
