

Numerical flow simulation II - CNRS-DFG collaborative research programme, results 1998-2000

Springer - Numerical Flow Simulation II: CNRS

Description: -

- Fluid dynamics -- Mathematical models -- Congresses. Numerical flow simulation II - CNRS-DFG collaborative research programme, results 1998-2000

- Notes on numerical fluid mechanics -- v. 75.

Notes on numerical fluid mechanics -- 75 Numerical flow simulation II - CNRS-DFG collaborative research programme, results 1998-2000

Notes: Includes bibliographical references.

This edition was published in 2001

Numerical Flow Simulation II von Ernst H. Hirschel. Bücher

This volume contains eighteen reports on work, which is conducted since 2000 in the Collaborative Research Programme 'Numerical Flow Simulation' of the Centre National de la Recherche Scientifique CNRS and the Deutsche Forschungsgemeinschaft DFG. Numerical Flow Simulation Ii, Cnrs-Dfg Collaborative Research Programme, Results 1998—2000 E.

Numerical Flow Simulation II: Cnrs

Published are reports on specialized conferences, workshops, research programs, and monographs.

Numerical Flow Simulation II (June 15, 2001 edition)

The responsibility for the contents of the reports nevertheless lies with the contributors. The main purpose of this second publication on the research programme, is to give an overview over recent progress, and to make the obtained results available to the public. In the background of their work is the still strong growth of the performance of super-computer architectures, which, together with large advances in algorithms, is opening vast new application areas of numerical flow simulation in research and industrial work.

Numerical Flow Simulation II von Ernst H. Hirschel. Bücher

As an application to an internal problem the thermal and dynamic modeling of a subway station is presented. Benveniste aujourd'hui actes du Colloque international du C. Kordulla Gottingen, Germany , A.
