### Student Journalist Resources

This year, another New Voices bill has introduced both the Texas House of Representatives and Senate, giving the movement and student journalists another chance at having the bill passed.

### NSPA

A similar trend of professional education in journalism appeared in European and many other countries.

### CSMA

As they work closely with an editor throughout the school year, Kid Reporters receive valuable, hands-on journalism experience pitching stories and doing interviews.

### NSPA

The student sued for violation of his First Amendment rights. There were many other periodicals during the 17th century in Europe, where French influence was strong.

### Managing scholastic journalism organizations online: Connectedness, encouragement 'in the trenches'

It has become a rumble.

Journalism curriculums at all levels need to be tweaked to take into consideration the current climate of battering of the media. The panel will feature 3-5 editors of student-led college newspapers from universities from across Pittsburgh, Pa. Now, however, the stakes are greater than ever before.
