Slavery

In some city-states, about 30% of the population consisted of slaves, but paid and slave labor seem to have been equally important.

Slave Culture

Although this can be a matter of personal preference, the choice is often affected by straight hair being a beauty standard in the West and the fact that hair type can affect employment. Slave Society and Culture The conditions slaves faced depended on the size of the plantation or farm where they worked, the work they had to do, and, of course, the whim of their master.

Digital History

Their African culture not only gave them the strength to fight for another day but it provided solace too.

Slave Cultures and the Cultures of Slavery

This has been further confirmed by recent biochemical analysis of 166 skeletons from three non-elite imperial-era cemeteries in the vicinity of Rome where the bulk of the slaves lived , which shows that only 1 individual definitely came from outside of Europe North Africa , and another 2 possibly did, but results are inconclusive. As late as 1960, when most African Americans lived under some form of segregation, 78 percent of African-American families were headed by married couples.
