China's Official Economic Data: Is It Accurate?

According to economist Carsten A. If a sanctioned church is persecuted, what fate can non-sanctioned churches expect? China prides itself on the uniformity of its single language and secular society.

Smoke and mirrors

India has deeply rooted religions that infiltrate every aspect of life. The green line with the included growth trend shows overstated growth before 1996; it also is much more volatile from year to year, moving more as one would expect real GDP growth to move. Despite their achievements, they face enormous challenges.

Is Now The Time To Invest in China?

In the last two decades, economic growth has brought with it inequity and resentment in large sections of society in India. A clerk working at the Three-Self Patriotic Association rejected my request and asked me whether I had a government approval letter to have a copy of the Bible. The ruling Chinese Communist Party has no democratic mandate, so it spends all its time seeking to produce the public services to keep a critical mass of the population sweet.

Smoke and Mirrors: An Experience of China

Three months later, I received an anonymous letter instructing me to go to a secluded place and wait for a stranger who would deliver a book to me.
