## Home

Publons is a third party service that seeks to track, verify and give credit for peer review. The trial registry name and URL, and registration number must be included at the end of the abstract.

## Journal of Aging and Health

The affiliation listed in the manuscript should be the institution where the research was conducted.

## Home

When a large, multicentre group has conducted the work, the group should identify the individuals who accept direct responsibility for the manuscript.

## Journal of Aging and Health

Equally, we seek to protect the reputation of the journal against malpractice. Please note that if there are any changes to the author list at this stage all authors will be required to complete and sign a form authorizing the change. Our main aim is to bring all the significant, enduring research data to worldwide scholars.

## Journal of Aging and Health

However, it is true that a publisher has to spend a lot of money to maintain the staff, servers and all standards of publishing even after an article is published. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved.

## Journal of Aging and Health

Journal of Aging and Health is committed to delivering high quality, fast peer-review for your paper, and as such has partnered with Publons.

Please note that manuscripts not conforming to these guidelines may be returned.
