Collections C149 ~I Shodo geijutsu The art of calligraphy.

About The Site

Some of the images are in the Nichibunken web-site database see above.

Ukiyoe

Also useful in explaining Buddhist terms in literature are the next two items: B77, B78. Includes Rinpa paintings, and ceramics. The number peaked at around 250 in the 1840s and 1850s —200 in Edo alone —and slowly shrank following the opening of Japan until about 40 remained at the opening of the 20th century.

A Guide to the Ukiyo

Appended are a chronology from 200 to 799 A. The that Shigemasa founded was one of the dominant schools of the closing decades of the 18th century. It is prompted by Dr.

[prancall/japanese.txt](#) at master · [bilus/prancall](#) · [GitHub](#)

These features, available in the Ukiyo-e. This multi-lingual dictionary lists over 2,000 romanized Sanskrit terms in alphabetical order, with Chinese equivalents and brief identification, and some equivalents in other languages.

How an ukiyo

Indexes names of temples and persons.
