### The Auguste Comte Memorial Lectures

The building is today a with the following architectural description: Christian Science Church, built as Temple of Humanity.

### The difference between classical and positivist understanding

At the turn of the 20th century the first wave of German sociologists, including and , rejected the doctrine, thus founding the tradition in sociology. The regularities of society are primarily expressed in the productive activities and economic relations of its members. Our prime source of knowledge about preliterate times comes from archaeology, that science of society which deals with the earliest human activities incorporated in artifacts.

### Positivism and the Religion of Humanity

In a sense I forgot all about spirituality. The first is that the content of such laws, in sociology as in the other sciences, is to be restricted to the succession and coexistence of observable phenomena, whether direct or indirect—to telling us, in the form of an accurate description, how an event or process takes place, but not why it does. The concept was not interested in how and why crime were committed rather just a perfect justice system.

Auguste Comte et la théorie sociale du positivisme, Paris: Seghers, 1970.

### Comte and positivism

With the religious program, announced in the second, he aspired to be its St Paul—not only as an evangelist for the new faith, but above all as the organizer of its Church. Democracy was unknown in Mesopotamian civilisation. Unless your intellect can pause, it cannot observe.
