Edward Hallett 436 587479 The Bolshevik Revolution, 1917-1923 by Carr, E. During his lifetime, Stalin was responsible for making the most important appointments: he was the supreme bureaucrat! The CCP changed the way the government was set up, changed the way foreign relations were handled, re-evaluated the economic policies of the country, and, possibly more drastically, attempted, arguably successfully, to control and change the way people thought. With growing incidents of bullying, it is up to society to teach potential bullies aware that mistreating others is unacceptable. Nobullying.

Moreover, in journalism changes included a more lively style, greater space devoted to free discussion, the encouragement of professionalism including Western style pursuit of the full story, and greater use of Western news sources, at least in restricted publications. The theories of Communism which were developed through a collaboration of Marx and Engels began to penetrate China through the Soviet influence.
