The second principle, coordinated communalism, conceptualizes each class as a single, comprehensive, cooperative body Cave 2007; Takato 2006; Tsuneyoshi 1996, 2001. On the rare occasions when the Amigos teachers provide the students a grammar lesson, the efforts are generally half-hearted and poorly coordinated, as the teachers also use class time to prepare for other classes and to share gossip and complaints.

Nearly all of these children were born in Japan, and all but a few attended Japanese preschool or kindergarten prior to starting elementary school. These ties provided the material support to sustain a Japanese identity in the diaspora, an identity that facilitated the ethnic return migration to Japan Takenaka 2004, 2008. These language skills facilitate her communication with the Spanish-speaking parents; however, dedicating so much classroom time to her Spanish learning reduces the time available for the students to learn Japanese.

Students receive virtually no grammar instruction beyond the construction of simple sentences, and instead spend their time mechanically completing worksheets on which they practice writing hiragana, katakana and kanji characters. Despite these decorations, the room feels empty and unused. This lack of training and experience forces teachers to learn to work with JSL students on the job, with few resources to support them.
