With the passage of time, accents, breathings, and punctuation marks were added. How do we know their dates for certain? The space between the two middle lines contains the pedigree of our English Bible.

Greek and Aramaic Manuscripts of the New Testament

Bentley was stirred by claim of 30,000 variants in the New Testament and he wanted to reconstruct the text of the New Testament in its early form. Yet, unlike the Qur'an which was compiled much more recently, we do not find with the Bible such an enormous gap of time between that which the Bible speaks about and when it was written down. Although lectionaries originated in the uncial period, most of the extant copies are minuscules.

Digitised Manuscripts

Tischendorf read and published the Biblical text, but the use of chemicals in an attempt to restore the erased text have further defaced the MS.

Codex Vaticanus

NT, possibly even older than P 66, is a small fragment in the John Rylands Library in Manchester, England, designated P 52, containing a few lines

from Tischendorf reflected upon their meaning, but without any resolution. In 1809 brought the manuscript as a victory trophy to , but in 1815 it was returned to the.

Illuminated Manuscripts

But truth has nothing to fear from investigation; only time is required for the Bible to emerge triumphantly from the most penetrating examination.
