NDDOT

Have you ever wondered why UK motorways have a consistent look and feel? In addition to this, under the open government licence, authorities in non-UK countries are able to use and adapt the content of the DMRB for their own standards and documents. Both the DMRB and the MCHW are national standards applicable throughout the UK, produced by the Highways England in conjunction with the governments of Wales, Scotland and Northern Ireland. Presented herein is a compilation of NJDOT Structural Design guidance, specification interpretations, standard practices, details and standards.
