Immediately afterward, the remains of the painting are taken outside to an area north of the hogan, where they are returned to the earth. The half nearer the center is red; the outer half is blue; they are bordered with narrow lines of white. Through our paperback imprint, Bison Books, we publish reprints of classic books of myriad genres.

Navajo Sandpaintings, also called dry paintings, are used in Navajo curing ceremonies

The University of Nebraska Press extends the University's mission of teaching, research, and service by promoting, publishing, and disseminating works of intellectual and cultural significance and enduring value. They do appear in pairs on the sandpainting of the Nightway Chant, so we may conclude that this portion of this memory aid is accurate. The Second Picture is said to be a representation of the painting, which the prophet saw in the home of the bears in the Carrizo Mountains paragraph 40.
