## Implementing New Technology

As agreed in the in April, the UK will continue to work through forums such as the G20 and OECD to ensure that the introduction and removal of travel restrictions are coordinated and proportionate to the national and international situation, and to ensure the safety of travellers.

## Implementing New Technology

Other initiatives to support businesses and destinations, are outlined in. By comparison, crises such as SARS in 2003, the H1N1 outbreak in 2009, and MERS in 2015 were of a smaller scale and the impact on tourism was more localised.

## Tourism Trends: 16 Opportunities for The Tourism Industry in 2021

This concept was created as part of, Sony Europe and Forum for the Future's collaborative project to come up with technology-based concepts that could contribute to more sustainable lifestyles.

## Technology transfer

The Government has approved a gradual easing of coronavirus lockdown restrictions starting from Thursday, 28 May, 2020.

## Research paper topics in hospitality industry

Socialising tourism for social and ecological justice after COVID-19.

## How to attract international tourists to your business

General economic measures with relevance for the tourism industry: Due to the closure of companies and reductions in demand, many companies

have shrinking liquid funds to cover their running costs despite short-time work compensation. In addition, the results of the test must be from no more than 72 hours prior to departure. The information provided included practical expert guidance for coping with the corona crisis, and planning ahead for post-corona days.
