Recovered

State goal to assure the availability of appropriate health care to all state residents. The LEBZ released a report for the period of 2003 - 2007 stating that 90% of the cases they consulted on were stopped due to their recommendations that the allegations were not based on reliable evidence.

Retroverted uterus

Section 19a-5 is repealed, effective July 1, 1993. No regulation shall be adopted pursuant to this section until the appropriate board has had reasonable opportunity to review the proposed regulation and to offer comments thereon.

Retroverted uterus

Section 19a-1 is repealed, effective July 1, 1993.

Chapter 368a

He shall not engage in any other occupation. Failure to report in accordance with the provisions of this subsection may constitute a ground for disciplinary action under section 19a-17. Advisory council on pediatric autoimmune neuropsychiatric disorder associated with streptococcal infections and pediatric acute neuropsychiatric syndrome.

Chronic Lyme disease

Fibromyalgia can be difficult to treat, and antibiotics do not work at all for fibromyalgia. Such board or commission shall certify and file in such court a transcript of the entire record of the hearing or hearings, including all testimony upon which such order was made and the findings and orders made by such board or commission. Despite numerous studies, there is no evidence that symptoms associated with CLD are caused by any persistent infection.

Chapter 368a

See chapter 368g re lung disease, tuberculosis and other chronic illness. Not later than October 1, 2013, the Department of Public Health, in consultation with the Office of Policy and Management, shall develop and thereafter annually implement a reconciliation and expenditure projection process relative to the state's childhood immunization budget account which includes, but is not limited to: 1 An accounting of the previous year's expenditures; 2 the process and factors to be used in determining each future year's assessment; and 3 the establishment of an appropriate notification process for the entities assessed under the account.

Chapter 368a

Massachusetts 2016 and Rhode Island 2003 have laws mandating insurance coverage for long-term antibiotic therapy for Lyme disease when deemed medically necessary by a physician. Such number shall not include lives enrolled in Medicare, any medical assistance program administered by the Department of Social Services, workers' compensation insurance or Medicare Part C plans.

Medical procedures

No waiver of such regulations shall be made if the commissioner determines that the waiver would: 1 Endanger the life, safety or health of any resident receiving assisted living services in a state-funded congregate housing facility; 2 impact the quality or provision of services provided to a resident in a state-funded congregate housing facility; 3 revise or eliminate the requirements for an assisted living services agency's quality assurance program; 4 revise or eliminate the requirements for an assisted living services agency's grievance and appeals process; or 5 revise or eliminate the assisted living services agency's requirements relative to a client's bill of rights and responsibilities.
