Canada

In the north, most meals come with chapatis pancake-like bread that is used to scoop up the food which is usually something that resembles stew. By the mid-16th century, fishers were already working the Labrador coast and had established whaling stations on land, such as those excavated at. Thus, it is considered rude to point your foot at a person or a sacred object.

Indigenous People

Astrology Many Canadians believe somewhat seriously in astrology — the pseudoscience of fortunetelling through the position of the planets — and most Canadian newspapers publish a daily horoscope column written by a certified astrologer. The countryside seems populated with people willing to drop everything to help an unknown foreigner find his destination or to serve him tea.
